

# MOUNT BAKER PLAY AREA RENOVATION PUBLIC MEETING

Seattle Parks and Recreation will present a schematic design for the renovated play area. The design incorporates input gathered at the first public meeting. At this meeting, participants may learn more about the project at Mt. Baker Park and see how their input guided the schematic design. It is an opportunity for the community to review the design and provide additional input.

This project replaces play equipment, provides access improvements and improves other features at the park.

Funding for this park improvement is provided by the King County 2013 Park Levy.

Mount Baker Park is located at 2521 Lake Park Dr S, 98144.

**Seattle Parks and Recreation invites the community to review the schematic design and provide feedback for the Mount Baker Play Area Renovation project.**
